

## PROPHECY IN THE STARS – EXPANDED

### SUMMARY

This paper follows our first paper ‘Prophecy in the Stars – Basic’ found on Page 7 STARS. Please read that paper first. This paper expands prophecy in the stars to include all 48 constellations.

The stars proclaim that there is a conflict over who will rule the world: the Anti-God World System or the Hebrew Messiah. The entire contest is documented in the stars with the result that the anti-God forces are utterly destroyed and the Messiah is victorious in the end.

In our first paper we showed that to understand the prophetic significance of the constellations of the ecliptic we must put portray them on what we call the Obey God – Obey Law Diagram:

		<b>God is King: Obey His Law</b>		<b>FEAR</b>	<b>God is King: Follow His Spirit</b>		
<b>Jesus' Way</b>	<b>Exalted Ruler</b>	<b>12 LEO</b>	<b>8 ARIES</b>	<b>GOD</b>	<b>7 PISCES</b>	<b>6 AQUARIUS</b>	<b>Servants of Blessing</b>
							
<b>God's Law</b>	<b>Blessed Saints</b>	<b>1 VIRGO</b>	<b>2 LIBRA</b>		<b>4 SAGITTARIUS</b>	<b>5 CAPRICORN</b>	<b>Servants of Cursing</b>
							
		<b>OBEY LAW</b>			<b>NO LAW</b>		
<b>Man's Law</b>	<b>Many Owners</b>	<b>3 SCORPIO</b>		<b>FEAR</b>	<b>9 TAURUS</b>		<b>Many Kings</b>

		<b>Man is God: Obey His Law</b>			<b>King is God: Follow Him</b>		

The prophetic message for overcoming believers lies in signs in the top row of quadrants. The prophetic message for believers stuck in religion lie in the second row of quadrants. The message for the rulers of the world lies in the third row of quadrants. The fourth row applies to the workers of iniquity behind the scenes: the mystery of lawless that is at work (2 Thess. 2:7)

## GOOD VERSUS EVIL CONSTELLATIONS

There are eight constellations of the Zodiac above the Obey Law axis: **Virgo, Libra, Sagittarius, Capricorn, Aquarius, Pisces Aries, and Leo** [in that exact order]. These eight constellations represent the power of Good in Heaven and Earth.

If we follow the progression of the signs, the Power of Good starts from apparent weakness: **Virgo** (woman Mary carrying the Christ child) and **Libra** (Christ dying on the Cross) but ends the day in the position of greatest strength: **Aries** (Lamb of God on the Throne) and **Leo** (Christ returns to Earth, conquers Evil, and founds the Millennium Kingdom of peace under God's Law).

There are four Zodiac constellations below the Obey Law axis: **Taurus, Scorpio, Gemini, and Cancer** [in that order]. These constellations represent the power of Evil in Heaven and Earth.

If we follow the progression of the signs, the Power of Evil starts from a position of greatest power: **Taurus** (the Kings of the Earth ruling over the Gentile Nations) and **Scorpio** (the Anti-God System of Commerce and World Trade) but ends in the position of great weakness: **Gemini** (plagues of 1<sup>st</sup> half of Great Tribulation) and **Cancer** (most awful plagues of the 2<sup>nd</sup> half of the Great Tribulation).

The Stars tell us precisely how Messiah will win the contest between Good and Evil for control of Heaven and Earth: he will be born a man, die to pay for sin, rise from the dead, go to heaven then return from there in the glory of the Father and with all his powerful angels.

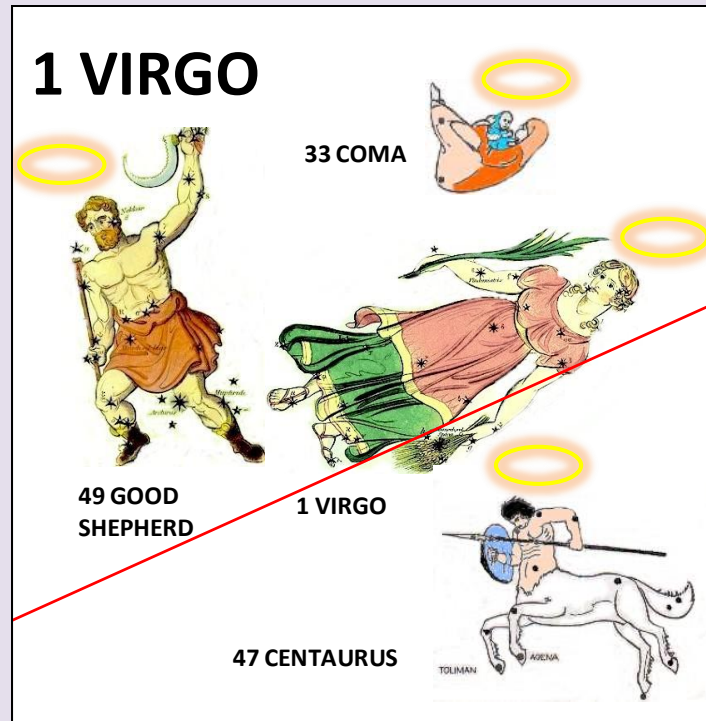

However, each sign of the Zodiac has three decan constellations (off the Zodiac). For example, **Taurus** has: **Orion, Canis Major, and Canis Minor**. **Taurus** is an evil sign but within its sphere of the contest of Good and Evil, **Taurus** includes **Orion**, which is a very good sign, and **Canis Major** and **Canis Minor**, which are very bad signs.

**Taurus** is the raging Bull charging the Milky Way with its horns. Taurus is a symbol of the Age of the Gentiles after the 2<sup>nd</sup> Diaspora of the Jews from the Holy Land. During the period of history represented by **Taurus** the Gentile nations will be in constant conflict, like raging bulls, with one another. The nations will be in conflict with each other because they won't submit themselves to the authority of God's Law. We know it because the sign of **Taurus** lies below the Obey Law axis in the area that rejects God's Law (which is just above the line) and replaces it with Man's Law (which is just below the line). Replacing God's Law with Man's Law is evil. This is why **Taurus** is an evil sign.

In the rest of the paper we explain the meaning of the decan constellations. In our explanation we will say whether each decan is a force for good or a force for evil. We will also briefly explain how the three decans expand on the meaning of the central Zodiac sign in their group.

## 1 VIRGO – SEED OF THE WOMAN

The three decans of **Virgo** are presented in the diagram below roughly in the position of the stars in the heavens. The red line represents the path of the Sun through the sky.

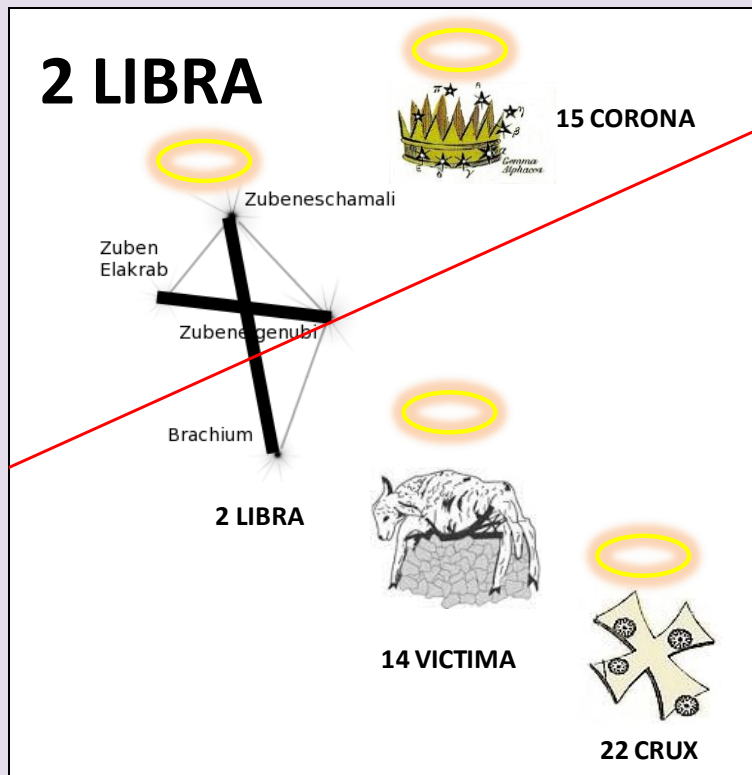

**Virgo** is a Good sign and all three decans are also Good signs. We represent good signs with a 'halo' symbol. **Virgo** means 'Virgin' who gives birth to the Christ child: **Coma** 'The Desired One'. There is a bright star **Spica** 'The Branch' in the sheaf of wheat **Virgo** is holding. **Spica** is below the Ecliptic telling us the Christ child will be born to die, like the seed of wheat that falls to the ground. **Centaurus** the Man-Horse represents the Christ child who will be both Man and God. The Hebrew name for Centaurus means 'The Despised One'. In the stars **Centaurus** is stabbing **Victima** (in **Libra**) telling us that Christ will willingly stab himself, i.e. give up his life. But he will rise from the dead and become the **Good Shepherd**, who will guard us and keep watch over us.

There are some very bright stars in this group. **Arcturus** the 3rd brightest star in the night sky is in the knee of the **Good Shepherd**. Arcturus means 'He Comes'. **Toliman** is the 4th brightest star in the night sky in the front knee of the Centaur. **Toliman** means 'The Heretofore and the Hereafter' or 'The Alpha and the Omega'. **Spica** is the 15<sup>th</sup> brightest star in the sky.

For more detail into the meaning of all the stars in these constellations, please see our paper '**Virgo – Seed of the Woman**' on Page 7 STARS on our website: [biblenumbersforlife.com](http://biblenumbersforlife.com). The constellations of the signs often interact with each other, like **Victima** and **Centaurus**. The star maps in the Virgo paper will show exactly how the signs are positioned relative to each other.

## 2 LIBRA – THE CROSS OF CHRIST

The diagram below shows the three decan signs of **Libra**. The red line is the ecliptic.

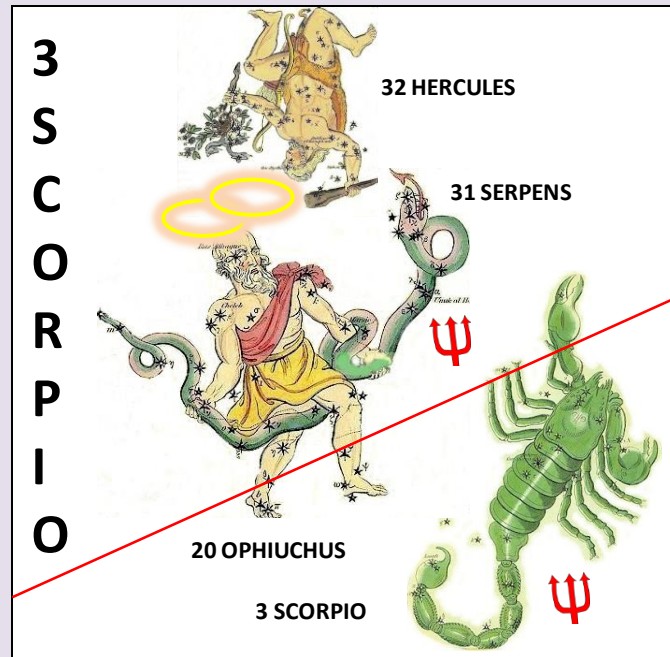

All four of the signs in Libra are Good. Even though the Cross of Christ was unjust and painful the sign is considered Good because the Cross made possible salvation for all who believe.

Libra does not have any star brighter than 18<sup>th</sup> brightest star in the sky. However the signs are powerful in their symbols. **Corona** is the 'The Crown' representing the rule of Heaven and Earth. **Libra** means 'The Price' or payment required to obtain the Crown. The Messiah born of the Virgin came to Earth to lay down his life on a cruel cross: to pay the price for the salvation of all who believe. **Victima** is a picture of a slain carcass of a sacrificial animal. The stars in **Victima** mean 'Victim Slain'. The Egyptian picture for Victima was a dead lamb. This is the sign that **Centaurus** is impaling with his lance.

At the Last Supper Jesus took the bread, gave thanks, broke it, and said to his disciples "**Take and eat: this is my body.**" Therefore, **Victima** also represents 'The Bread of the Communion'. Then Jesus took the cup of wine and offered it saying "**Drink from it all of you. This is my blood of the covenant, which is poured out for many for the forgiveness of sins.**" Therefore, Corona also represents 'The Wine of the Communion'. **Crux** is a brilliant asterism in the shape of 'The Cross' very deep in the Southern sky thereby connecting the Crown, the Victim, and the Cross inextricably to the constellation Libra.

### 3 SCORPIO – THE SEED OF SATAN

The three decans of **Scorpio** are **Hercules**, **Ophiuchus**, and **Serpens**. In the stars the foot of **Ophiuchus** crosses ecliptic and steps on the star **Antares** in **Scorpio**, the heart of the scorpion.

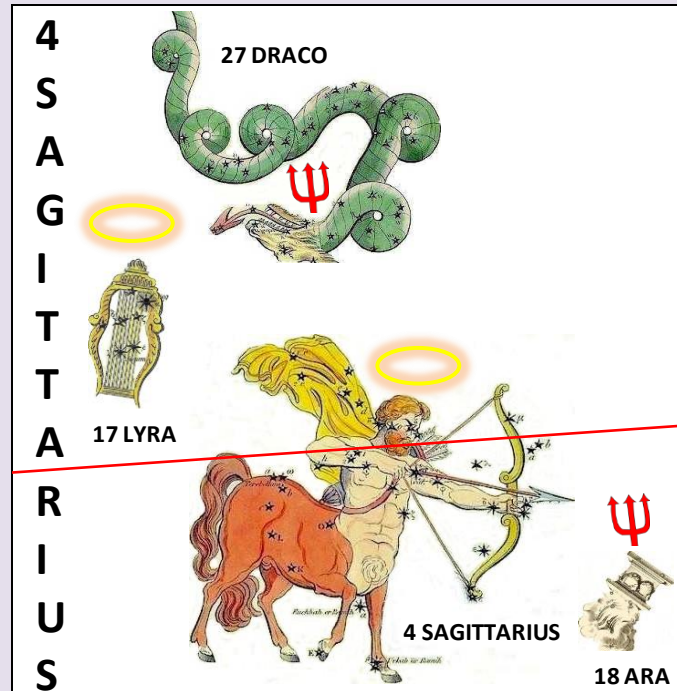

**Scorpio** represents the Anti-God World System so it is fitting almost all its stars are below ecliptic in the 'Sea' portion of the sky. **Scorpio** follows **Libra** so we know this prophetic time is after the Cross. **Ophiuchus** represents the struggle of the saints to resist satanic influence in the church. **Serpens** is the spiritual reflection of **Scorpio**: worldliness in the church. **Serpens** intends to swallow Christians by tempting them to adopt man's religion. Man's religion changes the church from a fellowship of all believers into competing factions, sects, and denominations headed by religious men – just like in the world where nation competes against nation and corporations compete against corporations, all headed by power hungry aggressive men. **Hercules** is the strong man coming down from above which represents the return of Christ to fetch his bride. In the stars **Ophiuchus** looks directly into the eyes of **Hercules**. In the same way saints are to purify themselves from worldliness by placing our hope in Jesus' return.

In **Scorpio** the star **Antares** means 'The Wounding' and the star **Lesath** in the tip of the tail means 'The Sting'. The brightest star in **Serpens** is **Unuk** which means 'Encompassing'. This tells us Serpens is not a biting snake, it is a constricting snake that squeezes the spiritual life out of believers trapped in the worldliness of man's religion. In the head of Ophiuchus is the star **Ras Al Hag** which means 'the head of him who holds'. The club of **Hercules** is warding off the snake **Serpens**. In the right hand **Hercules** brings a bouquet of flowers (gifts) for his resurrected bride. **Hercules** is mighty because of the great work he will do: raising believers from the dead.

#### 4 SAGITTARIUS – THE ARCHER

The three decans of **Sagittarius** are **Ara**, **Draco**, and **Lyra**. In the sky Draco's tail almost touches the Pole and is portrayed falling down from the heavens. As **Draco** falls he sees the bright star **Vega** shine from **Lyra**. **Ara** is the prayer altar of the saints deep in the South of the sky under the feet of the **Archer**. When Christians start being martyred, the altar flips upside down.

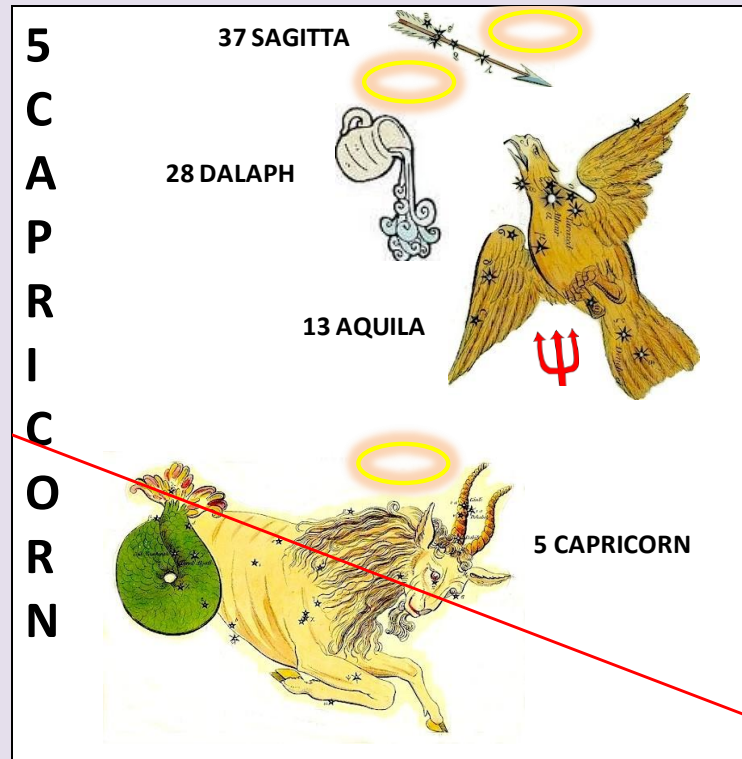

**Sagittarius** follows **Scorpio** in the Zodiac and therefor in prophetic history. The moment the Anti-God World System (**Scorpio**) attains such a zenith of power that the faithful saints (**Ophichus**) lose their battle to keep worldliness / man's religion (**Serpens**) out of the church, the Archer (**Sagittarius**) let's fly his Arrow 'God's judgment' and it strikes **Scorpio** directly in his heart, **Antares** 'The Wounding', the exact spot the arrow is pointed in the sky. This is the spiritual dimension. On earth what we see is God releases a violent and utterly cruel people to punish man's civilization. For example: the Vandals destroy Rome, the Ottomans destroy Constantiople, the Mongols destroy Bagdad, and the Arabs destroy Alexandria. Note how many times in history the vengeance of God comes in the form of men shooting arrows from horses!

A star in the neck of the Archer is **Nunki** 'Prince of the Earth'. **Vega** means 'He Shall Be Exalted'. **Vega** is the 5<sup>th</sup> brightest star in the sky! The victory of God will be glorious. Whereas **Serpens** represents deception in the church, **Draco** represents deception of the leaders of the nations. The stars in **Draco** include: **Thuban** 'The Subtle', **El Atik** 'The Fraudulent', and **Rastaban** 'Head of the Subtle'. Kings of the earth beware: Satan has in mind to trick you so that your kingdom will fall. He counsels you to persecute Christians - the very ones who are praying to God for you!

## 5 CAPRICORN – DIASPORA OF ISRAEL

The three decans of Capricorn are: **Aquila**, **Dalaph**, and **Sagitta**. **Aquila** is the eagle flying up in the sky that is struck in the wing by the arrow **Sagitta**. **Dalaph** is the jar of water poured out.

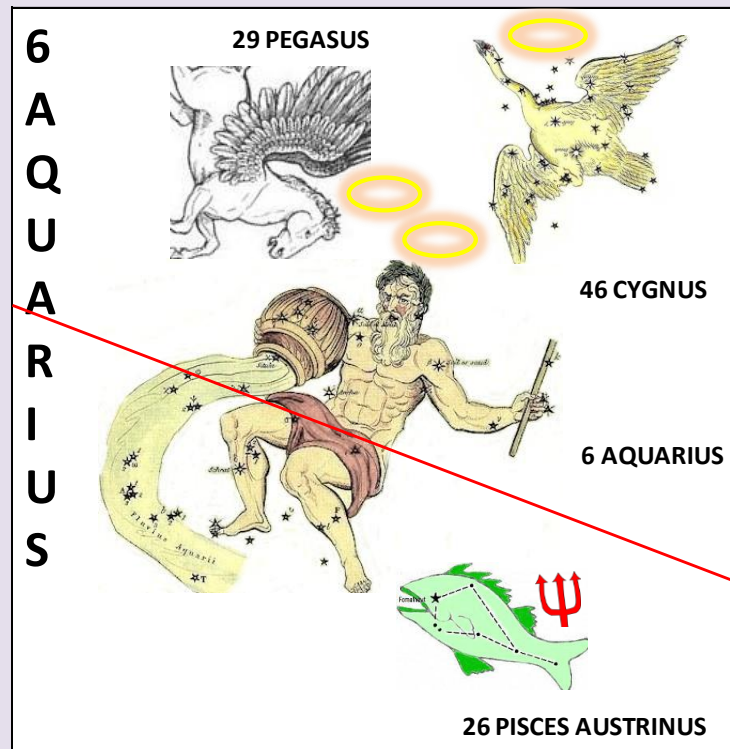

**Capricorn** is the goat that drowns in the Sea. In the Bible goats are symbolic of the religious Jews. **Capricorn** represents the Jews who rejected Christ and sank into the Sea – suffering banishment among the Gentiles. Some of the Jews receive the Spirit to believe in Jesus: the fishy tail of **Capricorn**. The eagle **Aquila** represents God’s protection of the Jews. But due to their sin of rejecting Christ the arrow of God’s judgment is sent striking **Aquila** in her wing causing her to fall. **Aquila** is replaced by **Dalaph**, the apostles who become the prophets for the next generation of believers: the Christians. Living water welled up within the apostles and was poured out in the form of Scripture. **Dalaph** poured out became the living water, the New Testament writings of the apostles, which the Holy Spirit inspired through them for all of us.

The bright star at the tip of the horn of **Capricorn** is **Al Gedi** ‘The Goat’. The star at the tip of **Sagitta** pointed at **Aquila** is **Sham** ‘Destroying’. The star in the head of **Aquila** is **Al Tair** ‘The Wounding’ and the star right beside it is **Al Shain** ‘The Bright’. The Hebrew name **Dalaph** means ‘Pouring Out Water’. Three stars of **Dalaph** are in a line pointing at the tip of the wing of **Aquila**. We interpret **Dalaph** to represent the sacrificial ministry of the apostles based on what Paul said of himself: ‘**I am... being poured out [Dalaph] like a drink offering and the time has come for my departure.**’ (1 Tim. 4:6).

## 6 AQUARIUS – THE HUMBLE SERVANT LEADER

The three decan signs of **Aquarius** are: **Pisces Austrinus**, **Cygnus**, and **Pegasus**. Aquarius is the humble servant leader Jesus portrayed with the towel around his waist as at the Last Supper when he washed the apostle's feet. The jar with living water on his shoulder is the river of life flowing out of the Jewish apostles. The stars in the river above ecliptic are the first Jewish believers and stars in the river below ecliptic are Gentile believers. They are united: one river.

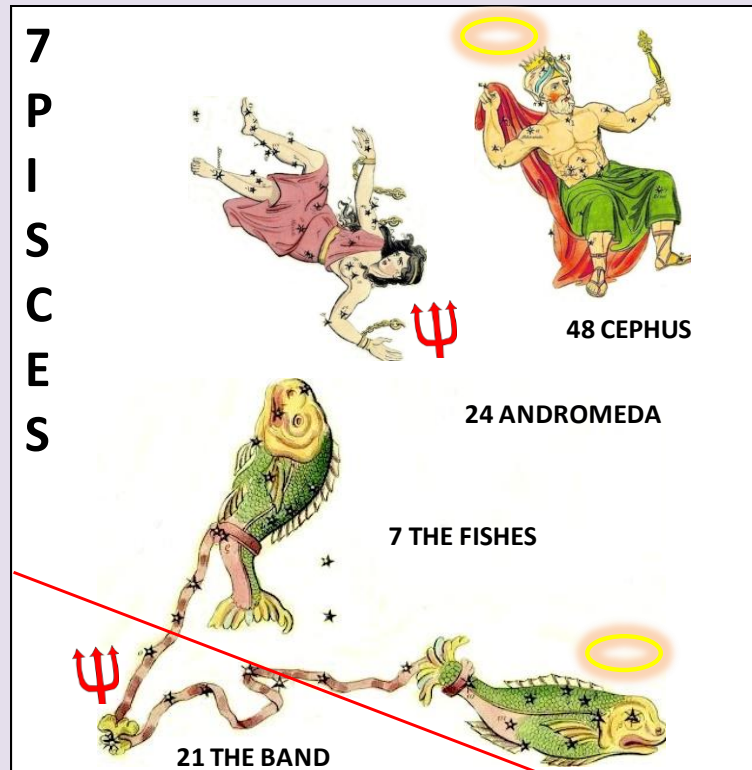

Gradually the Gentile believers / fish become a worldly church, **Pisces Austrinus**, led by one man. The sole bright star in **P.Austrinus** is **Formalhaut** 'Mouth of the Fish'. In the darkness of the deep the saints are silenced as one man does all the speaking in the church. **P.Austrinus** lies below the left foot of **Aquarius** showing in a picture God's disdain for the worldly church.

The saints who continue to drink the living water from the apostles are the ones who stay out of the worldly church system: they are the overcomers. At the Rapture all believers fly to Heaven, pictured by **Cygnus** the swan. The star **Deneb** in the nose of **Cygnus** means 'Judge'; the star **Al Bireo** in the tail means 'Flying Quickly'. The believers will be judged for rewards when they meet Jesus 'in the air': before they enter Heaven. **Pegasus** pictures the overcoming believers who will return back to earth to rule and reign with Christ after the Great Tribulation. Notice how the eyes of **Pegasus** look into the eyes of **Aquarius**. They see 'eye to eye'. The overcoming believers demonstrated the humble servant spirit of Jesus in this life and so they are exalted in the next life. The star in the neck of **Pegasus** is **Markab** 'Returning from Afar'.

## 7 PISCES – BELIEVERS IN THE AGE OF GRACE

The three decan signs of **Pisces** are: **The Band** (attached to the tails of the two fish), **Andromeda** (the woman in chains), and **Cephus** (the enthroned father in Heaven).

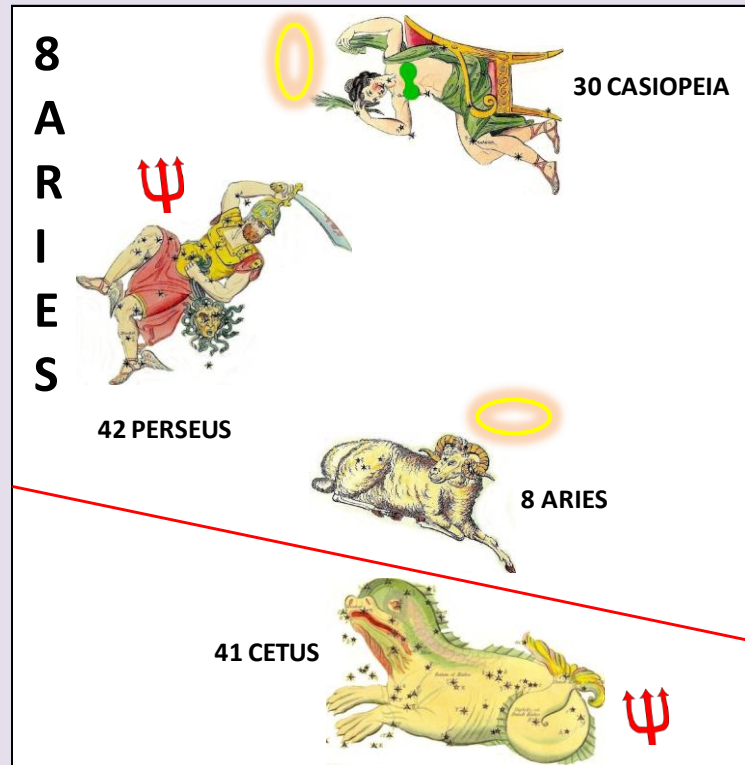

**Pisces** represents believers in the Age of Grace. The **North Fish** is straining on **The Band** to reach **Andromeda**, the chained woman, who represents the agony of being a believer in a religious system. The **Free Fish** is swimming in the direction of **Aquarius** and represents believers who are outside a formal religious system. **The Band** represents the unseen spiritual influence of **Cetus** the Sea Serpent, whose neck **The Band** is knotted to below the ecliptic. **Cephus** is the resurrected Christ ruling in Heaven: His robe is in dripped in blood.

**Cephus** means 'The Branch'. The star in the left shoulder of **Cephus** is **Alderamin** 'Coming Quickly' (Rev.22:12). **Andromeda** means 'The Chained'. Her stars include **Alphiratz** 'Broken Down', **Mirach** 'Weak', and **Almaak** 'Struck Down'. Religion is a horrible bondage: who wants it? **Pisces** means 'The Fishes' or 'The Multitudes'. The stars in the **Free Fish** are in a circle: a tight fellowship. The bright star in the **Free Fish** is **Samaca** 'The Upheld'. The star in **The Band** where they join is **Alresha** 'The Bridle'. Satan's wish is for Christians to be religious. This way they can be brought to heel as a rider controls a horse with a bridle *in its mouth*. A sure sign of satanic influence is the bridling or silencing of lay believers in public meetings. The Way of Satan is to appoint a man to be the rider to rule over the people and keep them in submission.

## 8 AIRES – LAMB OF GOD UPON THE THRONE

The decan signs of **Aries** are: **Cassiopeia**, **Cetus**, and **Perseus**. **Cassiopeia** is the **Free Fish**, the servant hearted believers seated with the Lamb of God in Heaven. **Cetus** is Leviathan of the Deep, the God of this World, Satan, who desires to eat the **Free Fish**. **Perseus**, the warrior who chops off heads, is the one who would rule the church like a gentile king. He exalts himself higher than the Throne of God, who is **Aries**, and serves in the Way of Satan. **Andromeda**, his chained woman, is horrified at the sight of him. In disgust, **Aries** turns his backside to **Perseus**.

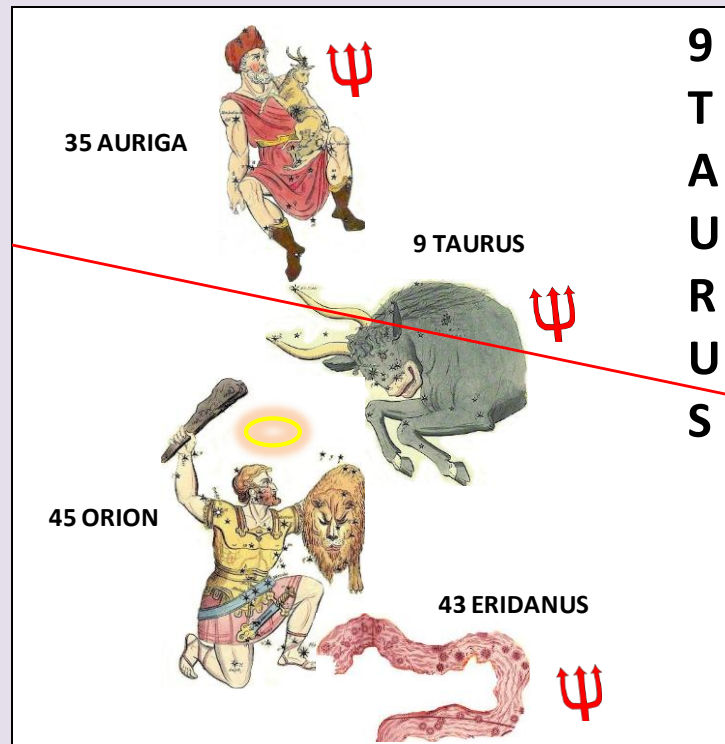

Suggesting a prophetic time of distress in the church, the stars in Aries are not bright and speak of suffering: **El Natic** 'Slain' and **Sheratan** 'Wounded'. The stars in **Perseus** point to the culprit doing the damage: **Atik** 'Who Breaks', **Al Genib** 'Who Carries Away', **Marfik** 'Who Helps', **Algoul** 'Evil Spirit'. The stars in **Cetus** feed the power lust of **Perseus** to oppress for his own glory: **Mira** 'Rebel', **Menkar** 'Bound', **Diphthah** 'Thrust Down'. Like **Aries**, **Cassiopeia** is a small sign, but her stars speak of the victory of her faith: **Shedar** 'Freed' (by) **Caph** 'The Branch', who is **Aries**.

In the sky **Perseus** is north of **Taurus**, which represents the Age of the Gentiles after the 2<sup>nd</sup> Dispersion of the Jews. In the context of **Aries**: **Perseus** represents the religious man who exalts himself to rule over believers. In the context of **Taurus**: **Perseus** represents the kings of the Gentiles who war against each other and oppress their own people. Whether it is religious leaders competing with religious leaders, or kings fighting kings, it is the same Way of Satan.

## 9 TAURUS – AGE OF THE GENTILES

The decan signs of **Taurus** are: **Eridanus**, **Orion**, and **Auriga**. The sign **Auriga** is of a goat treading on the shoulders of a shepherd who is falling backwards. **Orion** raises his sword (not club) and his shield (not lion carcass) in defense against the mad on-rushing **Bull**. At the feet of **Orion** a river of fire descends on a winding path downward into the darkest part of the sky.

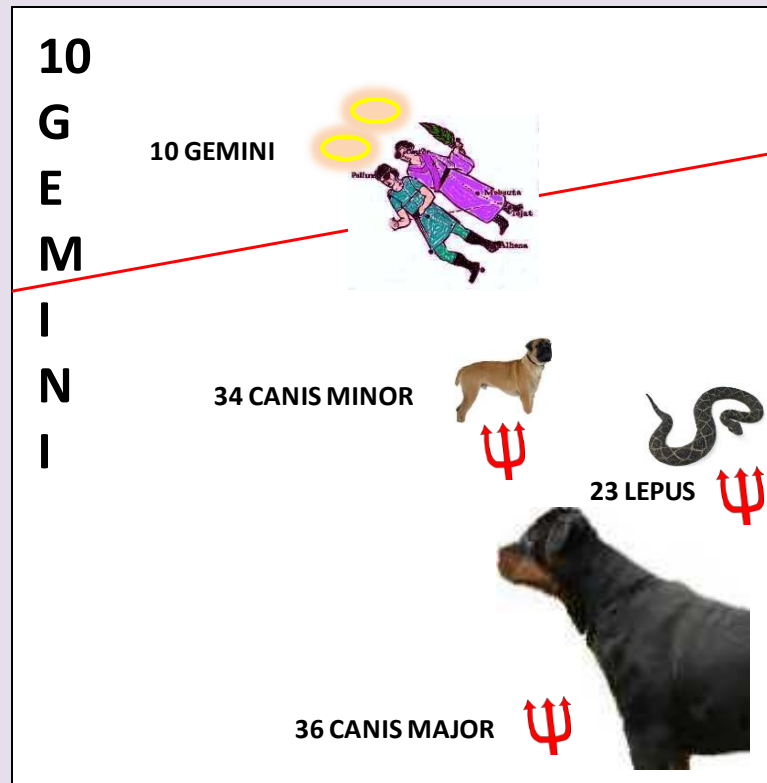

A goat in the Bible is always a type of the Jews. **Taurus**, the wild bull, stands for the Times of the Gentiles (from the 2<sup>nd</sup> Dispersion of the Jews until the 2<sup>nd</sup> Return of the Jews, which is pictured as the second kid goat in the lap of the shepherd in **Auriga**). **Orion** is the Holy Spirit who is resisting the South Horn of the Bull, Anti-Christ, from being revealed. **Eridanus** is the fire of God's plagues that will be unleashed when the Holy Spirit (**Orion**) is taken out of the world.

This group is filled with bright stars: a lot of prophecy is revealed. The star **Capella** 'She Goat' is the 6<sup>th</sup> brightest star in the sky. The third time the Jews return to Canaan will be momentous. The star **Al Debaran** 'The Leader' in **Taurus** is the 13<sup>th</sup> brightest star: it speaks of a single man who will lead a one-world government. The star at the tip of the North Horn of **Taurus**, **Al Nath** 'The Slain', speaks of the martyrdom of saints who meet the LORD, right foot of **Auriga**, in the air. The South Horn of **Taurus** is Anti-Christ, the extension of **Al Debaran**, who is hidden inside the Bull. In **Orion** the star **Betelgeuse** in the right shoulder means 'The Coming of the Branch' is the 9<sup>th</sup> brightest star in the sky and **Rigel** 'The Foot that Crushes' is the 7<sup>th</sup> brightest star. At the bottom of **Eridanus** is **Achenar** 'The End of the River' is the 10<sup>th</sup> brightest star in the sky.

## 10 GEMINI – THE TWO WITNESSES

The decan signs of **Gemini** are **Canis Major**, **Lepus**, and **Canis Minor**. This sign marks the first half of the Great Tribulation. **Gemini** is the Two Witnesses of Revelations who preach faith in Jesus Christ. **Lepus** is the False Prophet and **Canis Major** is the Anti-Christ. We believe **Canis Minor** is the man, who will become as infamous as Judas Iscariot, who kills the Two Witnesses.

The star **Sirius** 'Prince' in the head of **Canis Major** is the brightest star in all the sky. It pictures perfectly the heart of **Sirius**: he must be first in all things and Lord over everything. Not via the sacrificial Way of Jesus, but by the manipulative, tyrannical, and forceful Way of Satan.

The star **Castor** 'Ruler' is in the *head* of the one witnesses and the star **Pollux** 'Comes to Suffer' is in the head of the other witness. **Gemini** means 'United' or 'Joined'. The *minds* of the two witnesses are 'united' in one testimony which is: the Messiah, the 'Ruler', is recognized on the basis that 'He comes to suffer'. Jesus Christ fits that description. All the other self-seeking power-hungry violent men down through history who have sought world empires do not fit it.

The star **Arneb** in **Lepus** means 'enemy of Him who comes'. Other stars in **Lepus** include: **Nihal** 'The Mad' and **Sugia** 'The Deceiver'. The star **Procyon** 'Before the Dog' in **Canis Minor** is found mid-way between **Sirius** and **Castor/Pollux**. We suppose **Canis Minor** is a go-between, a double agent. According to his name, we assume his character and purpose is as evil as **Canis Major**.

## 11 CANCER – THE END TIMES HARVEST

The decan signs of **Cancer** are: the **Big Donkey**, the **Little Donkey**, and the sailing ship **Argo**. The constellation **Argo** is very large and was broken into three pieces by astronomers: **Carina** (stern), **Puppis** (hull), and **Vela** (sails). In the sky **Argo** is directly below **Cancer**.

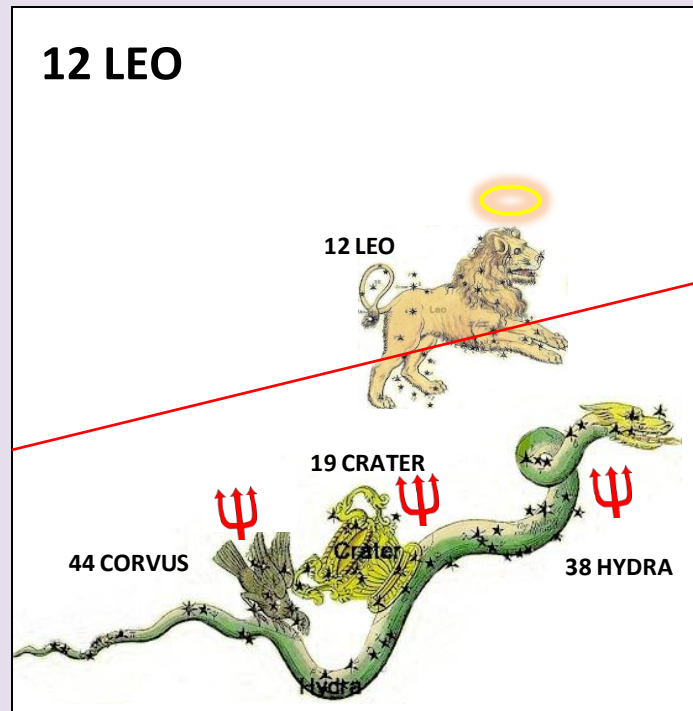

The sign of **Cancer** is constructed like a sheep fold. All who will not take the mark of the Beast will be sorted in the pen of the False Prophet and held for slaughter. However those who do take the mark of the Beast will die in the plagues and punishments of God in the last half of the Great Tribulation. Jews who are martyred in faithfulness to Messiah Jesus will be resurrected in the Millennium (**Colt of Donkey**). The 144,000 will escape the False Prophet and preach to the Gentiles not to take the mark of the Beast. The 144,000 are the **Sails of Argo** – driven by the Holy Spirit. The **Stern of Argo** pictures their rejection of the False Prophet. The **Hull of Argo** pictures the protection of God in the storm. The **Big Donkey** is the Gentile nations who repent at the preaching of the 144,000 and run free from the Anti-Christ and the False Prophet.

The Hebrew meaning of **Cancer** is 'To Hold'. Stars in Cancer: **Tegmine** ' Holding', **Ma'alaph** 'Assembled Thousands', **Alhimarean** 'The Kids', **Praesepe** 'The Multitude', **Asellus Australis** 'South Donkey' and **Asellus Borealis** 'North Donkey'. Stars in the Big Donkey: **Dubhe** 'A Herd', **Merak** 'Purchased', **Phad** 'Guarded'. Stars in the Little Donkey: **Alkaid** 'The Assembled', **Kochab** 'Waiting for the Coming', **Alpherkadain** 'The Redeemed Assembly'. Stars in **Argo**: **Canopus** 'The Possession of Him who Comes', **Soheil** 'The Desired', **Asmidiska** 'Travelers Released'.

## 12 LEO – SECOND COMING OF MESSIAH

The decan signs of **Leo** are: **Corvus** (the Ravens Eat); **Crater** (the Cup of Judgment); and **Hydra** (the Great Prostitute). **Hydra** has her origins from the time of **Virgo** – that is where her face looks. Her desire was to consume the Christ child. She failed but still seeks to devour believers.

This sign depicts the last half of the Great Tribulation. The Messiah [**Leo**] will return and destroy the armies of the Anti-Christ, who are nowhere to be seen because they have been trodden down by strong paws of the Lion of Judah. Now attention is paid to vanquishing the religion of the False Prophet. The total area in the sky of **Hydra** is 1303 square degrees. The number 1303 is the 212<sup>th</sup> prime. The spiritual number 212 means 'God's Commands Forsaken'.

Revelations describes the punishment of The Great Harlot [**Hydra**]: 'I saw The Woman drunk with the blood of the saints and with the blood of the martyrs of Jesus.' (Rev.17:6) 'For all the nations have become drunk with the wine of her fornication' (Rev.18:3) 'Repay her double according to her works; in The Cup [**Crater**] which she has mixed' (Rev.18:6) 'An angel cried... to all The Birds [**Corvus**] that fly in the midst of the heaven... eat the flesh of kings... of captains... of mighty men... of horses and those who sit on them.' (Rev.19:17-18)

The star **Regulus** in the breast of Leo means 'Royal Prince' or 'Mighty King'. The star **Denebola** at the tip of the tail means 'Tail of Lion' or 'Lion Judges'. After Christ returns to Earth and vanquishes the evil one-world government he will judge the nations according to how they treated the '**least of my brothers**', the 144,000, and heeded their words (see Matt. 25:31-46).

## SPIRITUAL NUMBERS

There are many numbers related to stars and constellations. We will present a few here to show that God's message in the stars agrees with the meaning of spiritual numbers in the Bible.

We only have space here to look at the number of visible stars [magnitude 6 or less] in each constellation and the total area of the constellations in the sphere of the heavens.

If we imagine the stars are points of light emanating from a sphere surrounding the earth, and if that sphere is **360** degrees around, then the total number of square degrees of the sphere is **42,253**. The total area of the constellations is **31,093** square degrees. The number **31,093 = 59 x 527** which means 'Rich Oppressor' (**59**) 'Watch as Rich Man Perishes' (**527**). The area of the constellations is **75.4%** of the total area of the sky. The number **754 = 26 x 29** which means 'The Gospel' (**26**) of the 'Holy One' (**29**). We can gather from these numbers that the story portrayed in the constellations is the conflict between the rich of the earth and the defender of the poor of the earth (the Holy One) over who will control the earth. The story will end in victory for Jesus. Does this help you understand why the story of the stars has been corrupted? The rich and powerful rulers of this earth do not want the poor to have a messianic hope.

There are **3,992** visible stars in the constellations out of **4,800** in the entire sky. The number **3,992 = 8 x 499** which means 'Holy Man' (**8**) 'King is Crowned' (**499**). Or, in other words, it means Jesus, the Holy Man in the Bible, will be crowned king (of the heavens and the earth). This agrees with the conclusion drawn from our analysis of the area of the constellations. God put those stars in those constellations before man was even created. God knew the end from the beginning. Wise men have been watching the stars and events on earth and seeing all the prophecy of God fulfilled exactly as it was written into the heavens long, long ago.

On the following page we will put the tables showing the number of visible stars and the number of square degrees of area in each of the constellations, and each of the groups of constellations: zodiac sign + decan signs. We will also show the meaning of the spiritual numbers related to each constellation and group of constellations. There isn't room or time to explain how those meanings relate to the story of the message in the stars which is explained in the first part of this paper. We encourage you the reader to examine the spiritual numbers related to the constellations and the groups of constellations and compare them to the meaning of the message in the stars which we have presented. Take time to meditate on the deeper spiritual message which God is speaking to you personally as you study these things.

May God bless you in the sweet name of Jesus,

servant mark

There are **48** signs in the heavenly constellations however we have broken **Argo** into three signs. This changes the total to **50** signs in the heavenly constellations. Why we break **Argo** up will be explained in our third paper in this series: 'Stars in Prophecy – Advanced'.

The astute observer will note that we have a total of **29** signs we call 'good' (halo symbol in the diagrams) and **21** signs we call 'evil' (pitchfork symbol in the diagrams). The spiritual number **29** means 'Holy One' and the spiritual number **21** means 'Lawlessness'.

The table below shows the number of stars and the area in square degrees of the constellations including the twelve Zodiac signs plus all the decan signs off the ecliptic:
